

Powering Travel Payment™

Philip Ziegler
Director, Technology & Infrastructure

As Director of Technology and Infrastructure at Universal Air Travel Plan, Inc. (UATP), Philip Ziegler is responsible for the transaction processing network. Included in this network are UATP's Authorization system and acquirer network, ATCAN. Ziegler also administers UATP's Data Security Policy, oversees data quality management, and manages UATP's data analytics tool, ATCAN Online. Ziegler holds a B.A. degree in Interdisciplinary Studies from the University of Maryland Baltimore County.
